Neurology

OFFICIAL JOURNAL OF
THE AMERICAN ACADEMY OF NEUROLOGY

INDEX TO VOLUME I

JANUARY-DECEMBER, 1951

January-February, 1951
Number 1

The Past, Present and Future of Neurology in the United States, by Pearce Bailey, 1.

Cerebellopallidal Anisosthenia, by Robert Bing, 10.

Pendulousness of the Legs as a Diagnostic Test, by Robert Wartenberg, 18.

The Electroencephalogram in Intracranial Aneurysms, by E. Roseman, B. M. Bloor and Richard P. Schmidt, 25.

Spinal Cord Tumors with Minimal Neurologic Findings, by Frederick P. Moersch, Winchell McK. Craig and Lee A. Christoferson, 39.

Role of Birth Injury and Asphyxia in Idiopathic Epilepsy, by J. M. Nielsen and Cyril B. Courville, 48.

Polycythemia Vera and the Nervous System, by David R. Johnson and William S. Chalgren, 53.

Newer Drugs in the Treatment of Parkinsonism, by Lewis J. Doshay and Kate Constable, 68.

Practical Considerations in the Treatment of Head Injuries, by A. Earl Walker, 75.

Clinical Pathologic Conference, by D. E. Denny-Brown, 85.

March-April, 1951
Number 2

Problems in the Treatment of Bulbar Poliomyelitis, by J. V. Monke, S. K. Shapiro and A. B. Baker, 99.

Psychosomatic Aspects of Neurology, by Roland P. Mackay, 111.

On Certain Aspects of the Sensory Organization of the Human Brain, II. A Study of Rostral Dominance in Children, by Robert Cohn, 119.

Benadryl in the Treatment of Parkinson's Disease, by Matthew T. Moore, 123.

Neurologic Aspects of Fatigue, by Robert S. Schwab and John S. Prichard, 133.

Electroencephalographic Evidence of Thalamic and Hypothalamic Epilepsy, by Erna L. Gibbs and Frederic A. Gibbs, 136.

Clinical Evaluation of ACTH and Cortisone in Myasthenia Gravis, by Clark H. Millikan and Lee M. Eaton, 145.

Medical Therapy of Epilepsy, by Francis M. Forster, 153.

Clinical Pathologic Conference, by H. Houston Merritt, 163.

Herpes Zoster of the Right Trigeminal Nerve with Left Hemiplegia, by William Newton Hughes, 167.

May-June, 1951
Number 3

Cécile and Oskar Vogt on the Occasion of her 75th and his 80th Birthday, by Webb Haymaker, 179.

Importance of Neuroanatomy in the Field of Neuropathology, by Cécile and Oskar Vogt, 205.

Succinate Therapy in Multiple Sclerosis, by Robert B. Aird, 219.

Diabetic Neuropathy and its Prognosis, by Samuel H. Epstein, 228.

Aphasia in a Deaf Mute, by Louis L. Tureen, Edmund A. Smolik and Jack H. Tritt, 237.

Medical Treatment of Psychomotor Epilepsy, by Jerome K. Merlis, 245.

Clinical Pathologic Conference, by Maynard M. Cohen and A. B. Baker, 253.

July-August, 1951

Number 4

Clinical Aspects of Cerebral Anoxia in Man, by A. Theodore Steegmann, 261.

Surgical Treatment of Postherpetic Neuralgia by Subdermal Denervation, by Kenneth H. Abbott and Bruce C. Martin, 275.

Alterations of Cerebral Functions in Pheochromocytoma, by Nathaniel S. Apter, Ward C. Halstead, Alf S. Alving, Peter J. Talso and Theodore J. Case, 283.

Electroencephalographic Findings in Post-Traumatic Encephalopathy, by Andre A. Weil, 293.

Intravenous Sodium Amytal in Generalized Language Dysfunction, by George N. Raines and Robert Cohn, 299.

Electroencephalographic Foci in Temporal Lobes with Consideration of Seizure Manifestations, by Charles W. Iobst and Francis M. Forster, 309.

Sequelae of Western Equine Encephalitis, by Donald W. Muller, Muriel Parrott and Margaret Thaler, 318.

Treatment of Headache, by Arnold P. Friedman, 328.

Clinical Pathologic Conference, by Charles Rupp and Helena E. Riggs, 335.

September-October, 1951

Number 5

The Human Frontocorticopontine Tract: Functional Inconsequence of its Surgical Interruption, by Russell Meyers, 341.

Phenomena and Correlates of the Psychomotor Triad, by William G. Lennox, 357.

Intracranial Neoplasm Associated with Fourteen and Six Per Second Positive Spikes, by Wayland A. Stephenson, 372.

Anticonvulsant and Toxic Effects of Alpha-Phenyl-Butyryl Urea, by Marshall J. Orloff, P. E. Feldman, Charles H. Shaiova and Carl C. Pfeiffer, 377.

Extradural Hematoma of the Posterior Fossa, by Richard C. Schneider, Edgar A. Kahn and Elizabeth Caroline Crosby, 386.

The Treatment of Purulent Meningitis, by A. L. Sahs, 394.

Clinical Pathologic Conference, by Ben W. Lichtenstein, 410.

November-December, 1951

Number 6

Gliomas Involving the Splenium of the Corpus Callosum, by Benno Schlesinger, 419.

Failures in Migraine Therapy, by Arnold P. Friedman and Theodore J. C. von Storch, 438.

Neuropharmacologic Considerations in Psychic Seizures, by James E. P. Toman, 444.

Second Attacks of Acute Anterior Poliomyelitis, by Archie T. Coffee and W. D. Paul, 461.

Aphasia: Effect of Intravenous Sodium Amytal, by Philip S. Bergman and Martin Green, 471.

Neurologic Rehabilitation, by Pearce Bailey, 476.

Clinical Pathologic Conference, Presented by A. Theodore Steegmann and William P. Williamson, 483.

Index to Volume 1, 491.

INDEX OF AUTHORS

Abbott, Kenneth H. (co-author), Surgical Treatment of Postherpetic Neuralgia by Subdermal Denervation, 275.

Aird, Robert B., Succinate Therapy in Multiple Sclerosis, 219.

Alving, Alf S. (co-author), Alterations of Cerebral Functions in Pheochromocytoma, 283.

Apter, Nathaniel S. (co-author), Alterations of Cerebral Functions in Pheochromocytoma, 283.

Bailey, Pearce, The Past, Present and Future of Neurology in the United States, 1. Neurologic Rehabilitation, 476.

Baker, A. B., President's Message, v. (co-author), Problems in the Treatment of Bulbar Poliomyelitis, 99. (co-author), Clinical Pathologic Conference, 253.

Bergman, Philip S. (co-author), Aphasia: Effect of Intravenous Sodium Amytal, 471.

Bing, Robert, Cerebellopallidal Anisosthenia, 10.

Bloor, B. M. (co-author), The Electroencephalogram in Intracranial Aneurysms, 25.

Case, Theodore J. (co-author), Alterations of Cerebral Functions in Pheochromocytoma, 283.

Chalgren, William S. (co-author), Polycythemia Vera and The Nervous System, 53.

Christoferson, Lee A. (co-author), Spinal Cord Tumors With Minimal Neurologic Findings, 39.

Coffee, Archie T. (co-author), Second Attacks of Acute Anterior Poliomyelitis, 461.

Cohen, Maynard M. (co-author), Clinical Pathologic Conference, 253.

Cohn, Robert, On Certain Aspects of the Sensory Organization of the Human Brain, II. A Study of Rostral Dominance in Children, 119. (co-author), Intravenous Sodium Amytal in Generalized Language Dyfunction, 299.

Constable, Kate (co-author), Newer Drugs in the Treatment of Parkinsonism, 68.

Courville, Cyril B. (co-author), Role of Birth Injury and Asphyxia in Idiopathic Epilepsy, 48.

Craig, Winchell McK. (co-author), Spinal Cord Tumors with Minimal Neurologic Findings, 39.

Crosby, Elizabeth Caroline (co-author), Extradural Hematoma of the Posterior Fossa, 386.

Denny-Brown, D. E., Clinical Pathologic Conference, 85.

DeJong, Russell N., Our Purpose, 94.

Doshay, Lewis J. (co-author), Newer Drugs in the Treatment of Parkinsonism, 68.

Eaton, Lee M. (co-author), Clinical Evaluation of ACTH and Cortisone in Myasthenia Gravis, 145.

Epstein, Samuel H., Diabetic Neuropathy and its Prognosis, 228.

Feldman, P. E. (co-author), Anticonvulsant and Toxic Effects of Alpha-Phenyl-Butyryl Urea, 377.

Forster, Francis M., Medical Therapy of Epilepsy, 153. (co-author), Electroencephalographic Foci in Temporal Lobes With Consideration of Seizure Manifestations, 309.

Friedman, Arnold P., Treatment of Headache, 328. (co-author), Failures in Migraine Therapy, 438.

Gibbs, Erna L. (co-author), Electroencephalographic Evidence of Thalamic and Hypothalamic Epilepsy, 136.

Gibbs, Frederic A. (co-author), Electroencephalographic Evidence of Thalamic and Hypothalamic Epilepsy, 136.

Green, Martin (co-author), Aphasia: Effect of Intravenous Sodium Amytal, 471.

Halstead, Ward C. (co-author), Alterations of Cerebral Functions in Pheochromocytoma, 283.

Haymaker, Webb, Cécile and Oskar Vogt, On the Occasion of her 75th and his 80th Birthday, 179.

Hughes, William N., Herpes Zoster of the Right Trigeminal Nerve with Left Hemiplegia, 167.

Iobst, Charles W. (co-author), Electroencephalographic Foci in Temporal Lobes with Consideration of Seizure Manifestations, 309.

Johnson, David R. (co-author), Polycythemia Vera and the Nervous System, 53.

Kahn, Edgar A. (co-author), Extradural Hematoma of the Posterior Fossa, 386.

Lennox, William G., Phenomena and Correlates of the Psychomotor Triad, 357.

Lichtenstein, Ben W., Clinical Pathologic Conference, 410.

Mackay, Roland P., Psychosomatic Aspects of Neurology, 111.

Martin, Bruce C. (co-author), Surgical Treatment of Postherpetic Neuralgia by Subdermal Denervation, 275.

Merlis, Jerome K., Medical Treatment of Psychomotor Epilepsy, 245.

Merritt, H. Houston, Clinical Pathologic Conference, 163.

Meyers, Russell, The Human Frontocorticopontine Tract: Functional Inconsequence of Its Surgical Interruption, 341.

Millikan, Clark H. (co-author), Clinical Evaluation of ACTH and Cortisone in Myasthenia Gravis, 145.

Moersch, Frederick P. (co-author), Spinal Cord Tumors with Minimal Neurologic Findings, 39.

Weil, Andre A., Electroencephalographic Findings in Post-Traumatic Encephalopathy, 293.
Williamson, William P. (co-author), Clinical Pathological Conference, 483.

SUBJECT INDEX

ACTH and cortisone, clinical evaluation of, in myasthenia gravis, 145.
Alpha-phenyl-butyryl urea, anticonvulsant and toxic effects of, 377.
Alterations of cerebral functions in pheochromocytoma, 283.
American Academy of Neurology, program of second biennial meeting, 172.
Amytal, intravenous sodium,
  effect on aphasia, 471.
  in generalized language dysfunction, 299.
Aneurysms, intracranial, electroencephalogram in, 25.
Anisosthenia, cerebellopallidal, 10.
Anoxia, cerebral, clinical aspects of in man, 261.
Anticonvulsant and toxic effects of alpha-phenyl-butyryl urea, 377.
Aphasia
  effect of intravenous sodium amytal, 471.
  in a deaf mute, 237.
Asphyxia, role of birth injury and, in idiopathic epilepsy, 48.

Benadryl in the treatment of Parkinson's disease, 123.
Birth injury, role of, and asphyxia in idiopathic epilepsy, 48.

Book reviews:
  Acute Head Injury, Joseph P. Evans, 176.
  Carbon Dioxide Therapy—A Neurophysiological Treatment of Nervous Disorders, L. J. Meduna, 178.
  Cerebral Angiography, P. Almeida Lima, 95.
  Cerebral Circulation in Health and Disease, Carl F. Schmidt, 259.
  Cerebral Cortex of Man, Wilder Penfield and Theodore Rasmussen, 96.
  Cerebral Palsy, John F. Pohl, 339.
  Collected Papers of Adolph Meyer, Eunice E. Winters, 338.

Cranioplasty, David L. Reeves, 417.
Electroencephalography in Clinical Practice, Robert S. Schwab, 489.
Emotions and Clinical Medicine, Stanley Cobb, 177.
Genetic Neurology, Paul Weiss, 340.
Neurologic Examination, Russell N. DeJong, 97.
Neurosurgical Treatment of Traumatic Paraplegia, J. Lawrence Pool, 339.
Physiology of the Nervous System, John F. Fulton, 175.
Plasma Clot Suture of Peripheral Nerves and Nerve Roots, I. M. Tarlov, 97.
Progress in Neurology and Psychiatry, E. A. Spiegel, 417.
Recovery from Aphasia, Joseph M. Wepman, 259.
Speech Habilitation in Cerebral Palsy, Marion T. Cass, 418.
The 1950 Year Book of Neurology, Psychiatry and Neurosurgery, Roland P. Mackay, Nolan D. C. Lewis and Percival Bailey, 490.
Brain, human, on certain aspects of the sensory organization of, 119.
Bulbar poliomyelitis problems in the treatment of, 99.

Case report:
Herpes zoster of the right trigeminal nerve with left hemiplegia, 167.
Cécile and Oskar Vogt, on the occasion of her 75th and his 80th birthday, 179.
Cerebellopallidal anisosthenia, 10.
Cerebral anoxia in man, clinical aspects of, 261.
Cerebral functions, alterations of, in pheochromocytoma, 283.
Children, a study of rostral dominance in, 119.
Clinical aspects of cerebral anoxia in man, 261.
Clinical evaluation of ACTH and cortisone in myasthenia gravis, 145.
Clinical pathologic conferences, 85, 163, 253, 335, 410, 483.
Cord, spinal, tumors with minimal neurologic findings, 39.
Corpus callosum, gliomas involving the splenium of, 419.
Cortisone, clinical evaluation of ACTH and, in myasthenia gravis, 145.

Denervation, subdermal, surgical treatment of postherpetic neuralgia by, 275.
Diabetic neuropathy and its prognosis, 228.
Diagnostic test, pendulousness of legs, 18.
Drugs, newer, in the treatment of parkinsonism, 68.
Dysfunction, generalized language, intravenous sodium amytal in, 299.

Editorial: Our purpose, 94.
Electroencephalogram in intracranial aneurysms, 25.
Electroencephalographic evidence of thalamic and hypothalamic epilepsy, 136.
Electroencephalographic findings in post-traumatic encephalopathy, 293.
Electroencephalographic foci in temporal lobes, with consideration of seizure manifestations, 309.
Encephalitis, western equine, sequelae of, 318.
Encephalopathy, post-traumatic, electroencephalographic findings in, 293.
Epilepsy,
electroencephalographic evidence of thalamic and hypothalamic, 136.
idiopathic, role of birth injury and asphyxia in, 48.
medical therapy of, 153.
psychomotor, medical treatment of, 245.
Extradural hematoma of the posterior fossa, 386.

Failures in migraine therapy, 438.
Fatigue, neurologic aspects of, 133.
Fossa, posterior, extradural hematoma of, 386.
Frontocorticopontine tract, human: functional inconsequence of its surgical interruption, 341.

Gliomas involving the splenium of the corpus callosum, 419.

Headache, treatment of, 328.
Head injuries, practical considerations in the treatment of, 75.
Hematoma, extradural, of the posterior fossa, 386.
Hemiplegia, left, herpes zoster of the right trigeminal nerve with, 167.
Herpes zoster of the right trigeminal nerve with left hemiplegia, 167.
Human frontocorticopontine tract: functional inconsequence of its surgical interruption, 341.
Hypothalamic epilepsy, electroencephalographic evidence of thalamic and, 136.

Importance of neuroanatomy in the field of neuropathology, 205.
Injuries, head, practical considerations in the treatment of, 75.
Injury, birth, role of, and asphyxia in idiopathic epilepsy, 48.
Intracranial neoplasm associated with fourteen and six per second positive spikes, 372.
Intravenous sodium amytal in generalized language dysfunction, 299.

Language dysfunction, generalized, intravenous sodium amytal in, 299.
Legs, pendulousness of, as a diagnostic test, 18
Lewey, Frederic H., obituary, 170.

Medical therapy of epilepsy, 153.
Medical treatment of psychomotor epilepsy, 245.
Meningitis, purulent, treatment of, 394.
Migraine therapy, failures in, 438.
Multiple sclerosis, succinate therapy in, 219.
Mute, aphasia in a deaf, 237.
Myasthenia gravis, clinical evaluation of ACTH and cortisone in, 145.

Neoplasm, intracranial, associated with fourteen and six per second positive spikes, 372.
Nervous system, polycythemia vera and, 53.
Neuralgia, postherpetic, surgical treatment of, by subdermal denervation, 275.
Neuroanatomy, importance of, in the field of neuropathology, 205.
Neurologic aspects of fatigue, 133.
Neurologic rehabilitation, 476.
Neurology in the United States, past, present and future of, 1.
Neurology, psychosomatic aspects of, 111.
Neuropathology, importance of neuroanatomy in the field of, 205.
Neuropathy, diabetic, and its prognosis, 228.
Neuropharmacologic considerations in psychic seizures, 444.
Newer drugs in the treatment of parkinsonism, 68.

Obituary: Frederic H. Lewey, 170.
On certain aspects of the sensory organization of the human brain: II. A study of rostral dominance in children, 119.

Parkinsonism, newer drugs in the treatment of, 68.
Parkinson's disease, benadryl in the treatment of, 123.
Past, present and future of neurology in the United States, 1.
Pendulousness of the legs as a diagnostic test, 18.
Phenomena and correlates of the psychomotor triad, 357.
Pheochromocytoma, alterations of cerebral functions in, 283.
Poliomyelitis,
  acute anterior, second attacks of, 461.
  bulbar, problems in the treatment of, 99.
Polycythemia vera and the nervous system, 53.
Practical considerations in the treatment of head injuries, 75.
President's address, *v*.
Problems in the treatment of bulbar poliomyelitis, 99.
Psychic seizures, neuropharmacologic considerations in, 444.
Psychomotor epilepsy, medical treatment of, 245.
Psychomotor triad, phenomena and correlates of, 357.
Psychosomatic aspects of neurology, 111.
Purpose, our (editorial), 94.

Rehabilitation, neurologic, 476.
Role of birth injury and asphyxia in idiopathic epilepsy, 48.
Rostral dominance in children, a study of, 119.

Second attacks of acute anterior poliomyelitis, 461.
Seizure manifestations, electroencephalographic foci in temporal lobes with consideration of, 309.
Seizures, psychic, neuropharmacologic considerations in, 444.
Sensory organization of the human brain, certain aspects of, 119.
Sequelae of western equine encephalitis, 318.
Spinal cord tumors with minimal neurologic findings, 39.
Splenium of the corpus callosum, gliomas involving, 419.
Succinate therapy in multiple sclerosis, 219.
Surgical interruption of human frontocorticopontine tract, inconsequence of, 341.
Surgical treatment of postherpetic neuralgia by subdermal denervation, 275.

Temporal lobes, electroencephalographic foci in, with consideration of seizure manifestations, 309.
Thalamic and hypothalamic epilepsy, electroencephalographic evidence of, 136.
Therapy,
  failures in migraine, 438.
  medical, of epilepsy, 153.
Treatment of
  bulbar poliomyelitis, problems in, 99.
  headache, 328.
  head injuries, practical considerations in, 75.
  parkinsonism, newer drugs in, 68.
  Parkinson's disease, benadryl in, 123.
  postherpetic neuralgia by subdermal denervation, 275.
  psychomotor epilepsy, 245.
  purulent meningitis, 394.
Treatment reviews:
  Medical therapy of epilepsy, 153.
  Neurologic rehabilitation, 476.
  Practical considerations in the treatment of head injuries, 75.
  Treatment of headache, 328.
  Treatment of purulent meningitis, 394.
Trigeminal nerve, herpes zoster of the right, with left hemiplegia, 167.
Tumors, spinal cord, with minimal neurologic findings, 39.

Vogt, Cécile and Oskar, on the occasion of her 75th and his 80th birthday, 179.
